ABOUT

IT engineering student and aspiring full-stack developer with experience in building responsive web apps, clean UI/UX, and API integration. Actively exploring machine learning and data analytics. Quick learner, creative thinker, and a strong team player committed to continuous growth.

SKILLS

Technical Skills:

Languages: HTML5, CSS3, JavaScript, TypeScript, Python, Java

Frameworks & Libraries: Node.js, Express.js, React, Pandas, NumPy, Scikit-learn, Streamlit, Matplotlib

Databases: MySQL, MongoDB, PostgreSQL

Tools & Platforms: Git, GitHub, VS Code, Postman, Jupyter Notebook, Google Colab, Power BI, Canva, Figma

Concepts: Responsive Web Design, UI/UX Design, REST APIs, CRUD Operations, Authentication & Authorization.

Soft Skills: Creativity, Problem-Solving, Communication, Time Management, Continuous Learning, Collaboration.

PROJECTS

SciAstra – Dynamic Blogs & Courses Platform ([Link](#))

(HTML, CSS, JavaScript, Swiper.js, Node.js, Express.js, MySQL, Redis Cloud Console)

- Developed a responsive platform for users to explore interactive blogs and enroll in courses with real-time updates.
- Implemented an admin panel for dynamic content management and integrated Razorpay for secure payments.

NoteVault: MERN Stack Note-Taking App ([Link](#))

(MERN Stack, Express.js, React.js, Node.js, MongoDB, Render)

- Developed a full-stack note-taking application with a unique, responsive UI.
- Implemented core CRUD functionalities, search, and intuitive design with React.js, Tailwind CSS, and DaisyUI.

Flatmate – A Novel Approach for Finding Flatmates Using NodeJS ([Link](#))

(HTML, CSS, JavaScript, Node.js, Express.js, MySQL, Python (ML), Git, VS Code)

- Developed a full-stack web application to help users find ideal roommates and shared accommodations.
- Implemented a Machine Learning module in Python for service clustering and roommate recommendations.
- Designed a responsive UI and integrated secure user authentication, profile management, and dynamic PG/room listings.

IntelliFlow – AI-Powered College Event Management System ([Link](#))

(MERN, Python (AI/ML), Flask, WebSockets, Nodemailer)

- Designed and developed a full-stack event management system with AI-driven features
- Implemented AI modules for task allocation, budget optimization, and sentiment analysis, enhancing event intelligence.
- Enabled real-time communication via WebSockets and integrated role-based access control.

Email Automation System Using Python ([Link](#))

(Python, smtplib, pandas, numpy, pytsx3, Tkinter, dotenv, schedule)

- Built an automated bulk email sender with a **Tkinter** GUI for personalized, scheduled communication.
- Integrated Excel for data handling and implemented voice feedback and secure credential management.

EXPERIENCE

AI-ML Virtual Internship (10 weeks)

Google | AICTE | EduSkills Foundation

April 2024 – June 2024

- Gained hands-on experience in building and deploying **Machine Learning models** using Python, Scikit-learn, and real-world datasets.
- Applied AI/ML concepts to solve practical problems, enhancing critical thinking and data analysis skills.

Business Development Analyst Intern

JV EdTech Medovation

May 2025 – Aug 2025

- Identified market opportunities and analyzed business data for sales strategies.
- Prepared presentations, proposals, and business plans for clients.
- Supported client meetings, decision-making, and cross-team collaboration.
- Led a team of interns, strengthening leadership and communication skills.

Front End Web Development Intern

Edunet Foundation - IBM SkillsBuild (AICTE Certified)

Aug 2025 – Oct 2025

- Gained hands-on experience in front-end web development through project-based learning.
- Completed self-paced technical modules and mentor-led sessions on SkillsBuild platform.
- Developed and presented a real-world project under guidance of industry experts.

EDUCATION

Atharva College Of Engineering, Malad.

Oct 2022 – May 2026

BE in Information Technology

GPA : 8.28/10

Coursework: Web Technologies, Full Stack Development, UI/UX Design, Machine Learning, Data Science, Artificial Intelligence, Data Structures & Algorithms, DBMS, Operating Systems, Computer Architecture, Theory of Computation.

CERTIFICATES & ACHIEVEMENTS ([Link](#))

- Secured a Top 10 rank at 'HackXplore' organized by IEEE SPIT, Mumbai.
- STTP Certificate on Full Stack Development using Java.
- Certificate of Completion for Google Cloud Study Jam by GDSC Atharva.
- Certificate of Participation in TechTrove 2.0 by Atharva College of Engineering.
- Completion Certificate by Dr. Angela Yu on full stack development.
- Data Analytics Completion Certificate by Deloitte.
- Data Visualization Completion Certificate by Tata.

EXTRA-CURRICULAR ACTIVITIES

- **GDGC AI/ML Member** – Contributed to AI/ML-focused initiatives, workshops, and collaborative learning.
- **TEDxACE Member & Marketing Team** – Supported branding, outreach, and content strategy for TEDxACE; collaborated with organizers and speaker teams.
- **NSS Volunteer** – Participated in community service drives, awareness campaigns, and outreach programs.
